### Holla Trails – Running Routes

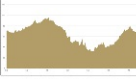

**Pink:** A classic beginner route perfect for a first or second trail run. We haven't made it a beginner route to take small birds along with the trail.

5.2km - Total Ascent = 68m

**Brown:** Perfect for those looking for something slightly longer and a little more challenging than the Pink, but still on the easy side.

8.4km - Total Ascent = 149m

**Blue:** Our longest run with a mix of trail, hill, and technical terrain. A perfect one if you are looking for a longer challenge. It may induce a few blisters, but you are in for a great one. If you are in for a good one, you are in for a good one.

13.7km - Total Ascent = 128m  
Hj: 3.3km - Total Ascent = 124m
